Hidden Lake Clubhouse, West Hills

The meeting was called to order at 7:05 PM by Ron Ziman, Co Chair

Members Present: Alec Uzemeck, Ron Ziman, , John Luker, Abe Weitzberg, Mike Kuhn, Sharon Ford, and Tim Brehm.

Members of the Public Present: Rob and Debbie Anton, Irene and George Miller, Bonnie Klea, Wendi Gladstone, Carla Bollinger, Christina and Michael Walsh, Mark Osokow, Michael Horton,

At 7:05 PM Ron Ziman called the meeting to order and a quorum was present.

The minutes for the June 21, 2017 were approved.

There were no comments from the Chairs or the Public.

Abe Weitzberg began the meeting with his observations and comments for the DTSC SSFL PEIR, which he feels is a mediocre document. It has conflicting objectives and goals and although it does speak to the 2010 AOC directions, it does not include other cleanup alternative, which may nondestructive methods. This is a clear a violation off CEQA requirements. Other US EPA guidelines are not addressed such as end use of the land, area averaging, health risk etc. The cleanup for the Boeing property is to be to suburban residential standards although the property is under a permanent conservation easement and the result would be a very large and unnecessary excavation of soil.

Other participants discussed the need for review and public comments for the PEIR and it was mentioned that the end due date for the comments had been extended to December 7, 2017.

Ron Ziman adjourned the meeting at 8:50 PM.
